VENUE: NYAKWERI

DATE: 23RD, JAN, 2022

Introductions

Jesus called us to go and make disciples of all nations. Vision Ministries Kenya believes that that process isn't complete until these disciples are gathered into a local community of believers: a church.

Church planting is the heartbeat of evangelism, and it's at the core of our priorities. We encourage our partnering churches to go out and preach and after that they baptize and gather them in a church, discipling them.

(Pr. David Ochieng' the pastor in charge of the church plant being prayed with at the church site)

NYAKWERI FPGC Church plant

Nyakweri church was planted on **23rd, Jan, 2022**. Nyakweri is in Nyanza VMK- chapter. The Nyanza VMK team facilitated this. This is an area that needed a church. Below is the current data of the membership.

Church data			
No. of adult men	No. of adult women	No. of Youth and Teens	No. of children
4	12	4	24

As a ministry we understand it is hard to plant a church, but we also recognize how fulfilling it is as you watch the congregation grow in its love for Jesus.

Church plant therefore require boldness, tireless in patience and passion. When one of partnering churches registers a passion to plant a church, we fully back them up.

Brethren bow to pray at the field where the church will be built.

Brethren at the tent where the fellowship was held.

TENTATIVE BUDGET FOR NYAKWERI CHURCH PLANT

The brethren in Nyakweri are planning to put up a temporary iron-sheet structure that can accommodate about 50- 150 persons as they start the church.

4*2	550fts	-	16,000
Cedar poles	40pcs	-	12,000
Total			<u>149,140</u>

VMK encourages effective church planting which results to effective leadership hence effective church. We therefore look into aspects of pastoral training of the person to take care of the new church plant. We are happy to report that pastor David who will be in Nyakweri church has attended most of our trainings and is as well enrolled in pastoral training classes currently hosted by Grace Bible Church.
