INTRODUCTION

Happy New Year! We hope that you had a great Christmas season celebrating Jesus with your family and friends. 2021 was a great year of Harvest and projects.

- We trained about 1000 leaders
- We visited the five VMK – regions not once for training and Outreach meetings
- We held a mega 10th anniversary event in all the five regions with our international partners facilitating the Nairobi and Kajiado conferences.
- We started the borehole work at Kajiado managing to complete phase 1 of the project.
- We reached the unreached in West – Pokot, a new adventure in the ministry
- Held a successful virtual and in person regional leaders meeting
- Our board of directors met three times to deliberate on ministry issues
- Brother Gord and Doug Loveday had a successful meeting with our board in Nairobi

KAJIADO JANUARY PRAISE REPORT 2022

2022 has started with a series of activities. In the month of January we managed to install the solar panel pumps and water storage tanks in Kajiado borehole courtesy of our partners, Impact Hope.

The Kajiado residents together with us were overwhelmed with the work. The community gathered at the site to celebrate and thank the Lord for this breakthrough!

During this day, the over 1000 cattle drunk the water from this borehole. The work is still on and we expect to move to the third phase.

(Solar panel, the water pump and tanks installed)

The cattle arrive to enjoy the water for the first time at the new borehole.

NAIROBI JANUARY PRAISE REPORT

Partner churches in Nairobi started the year with prayers on the mountain.

VMK youth wing held a great youth seminar on 2nd, January at Hope Bible Chapel, Nairobi. The meeting brought on board all VMK partnering churches.

NYANZA JANUARY PRAISE REPORT

1) New Church Plant

We encourage our partnering churches to go out and preach and after that they baptize and gather them in a church, discipling them. Nyanza was the first to surprise with a new church plant in January 23rd.

Brethren praying at the site where new church plant is to be built.

2) BIBLE SCHOOL (TOT) TRAINING

We have had a challenge with bible school training in Nyanza. We did not have enough human resource to facilitate the trainings when the senior lecturer is not around. We are however happy to report that the first TOT training journey has started. Currently two teachers are undergoing the induction. The induction is being carried out by Mr. Dylan, the Director of Harvesters Bible School in Kenya.

Conclusion

This year is shaping up to be perhaps our busiest year ever for ministry activities. Ladies department will be having their conference from **18th – 24th, April**. All other dates for events will be availed by mid-February.

In January, VMK-Western and North rift- valley chapters managed to start the year on the mountain for prayers. Standing with their reports, they will be able to avail their activities calendar by second week of February.

Thank you so much for your continued support in prayers and giving.
